be in debt forever if she uses her credit card to buy a car!

Even if her low-rate, credit-card deal even if her low-rate, credit-card deal ends, she can always finance her car with a bank at that time. No matter how she borrows the money for this carcredit card, bank, or this dealer's overpriced financing--it's a loan! The only difference between loans is the cost to borrow the money. Her best entire for borrow the money. Her best option for financing is always the loan that's the least expensive no matter its name!

Shut up! Stop educating my unsuspecting victims! Now it's time for you to feel my wrath!

used car purchase?

Thanks Debt Daredevil! You've saved me thousands of dollars in interest charges! You're the best! I wonder where Scott is? I know he'd really love to meet you.
